Malta gained independence from Great Britain on September 21, 1964

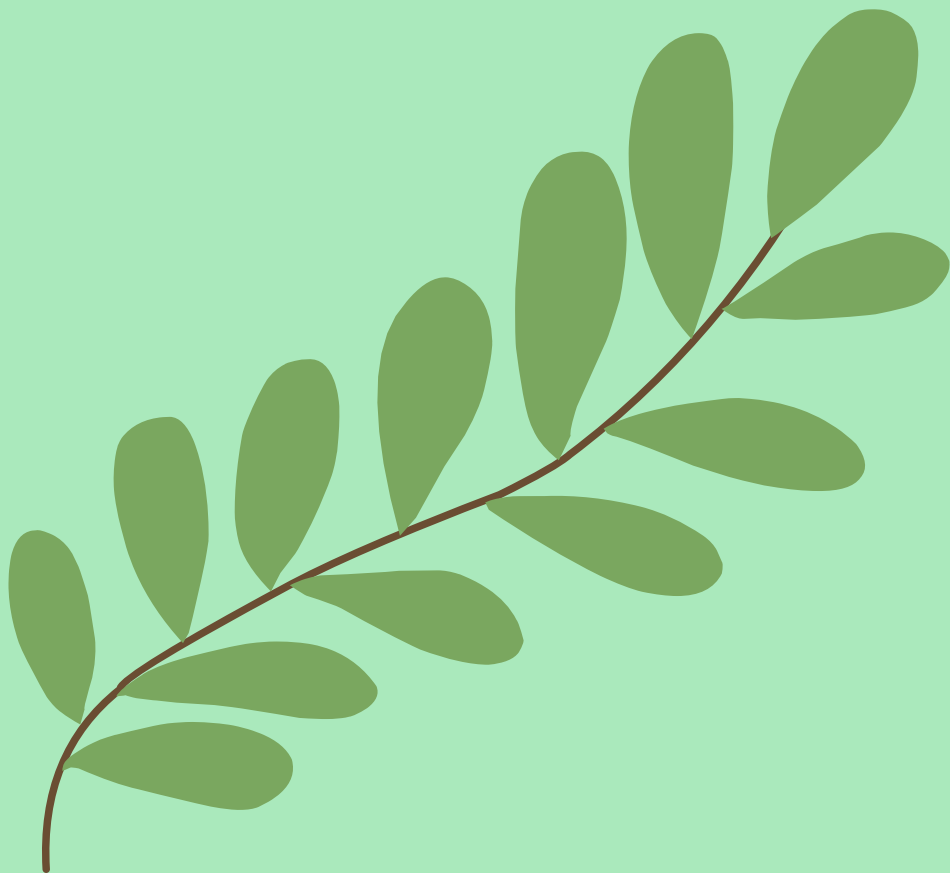

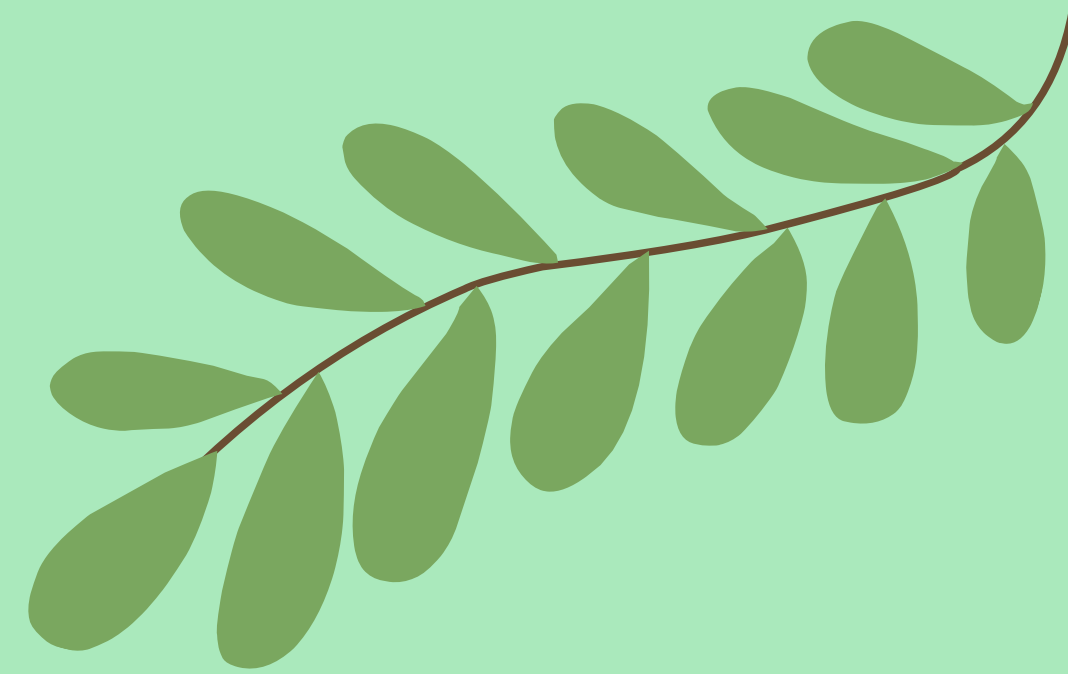

Malta is an archipelago located in the Mediterranean Sea, between Sicily and the north coast of Africa.

Malta is characterized by its hilly terrain, with numerous cliffs, valleys, and small hills, creating picturesque landscapes.

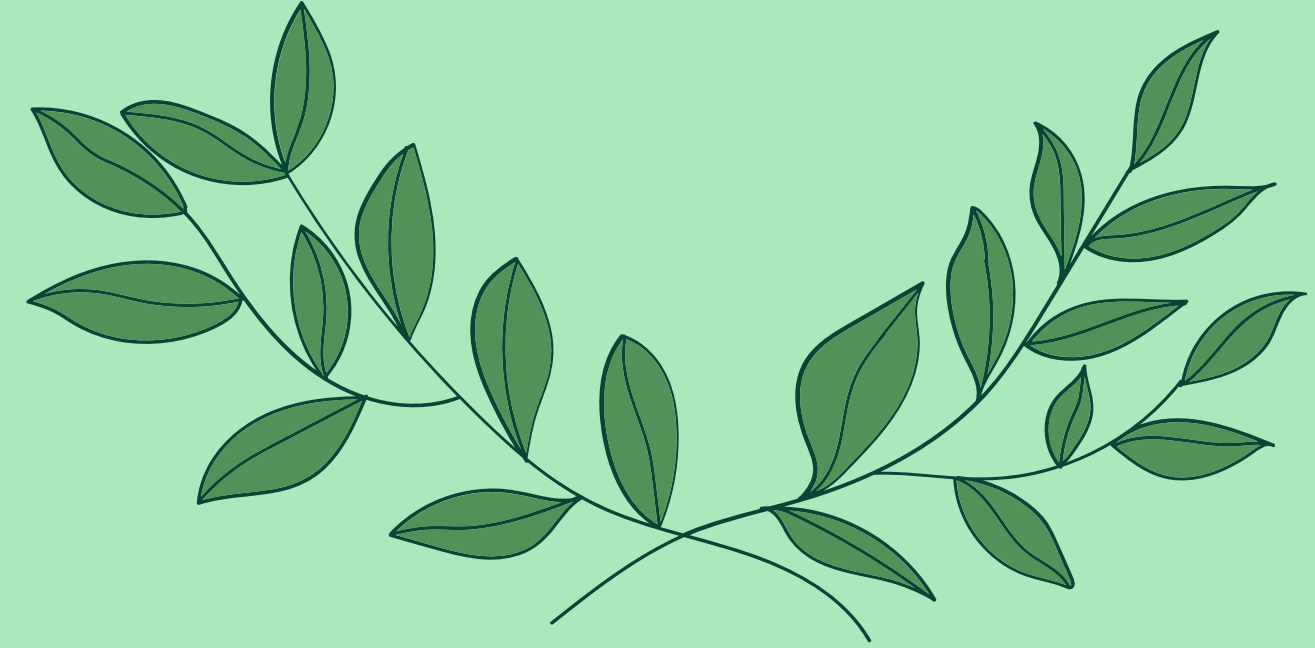

The climate of Malta is
Mediterranean,
characterized by hot,
dry summers and mild,
rainy winters.

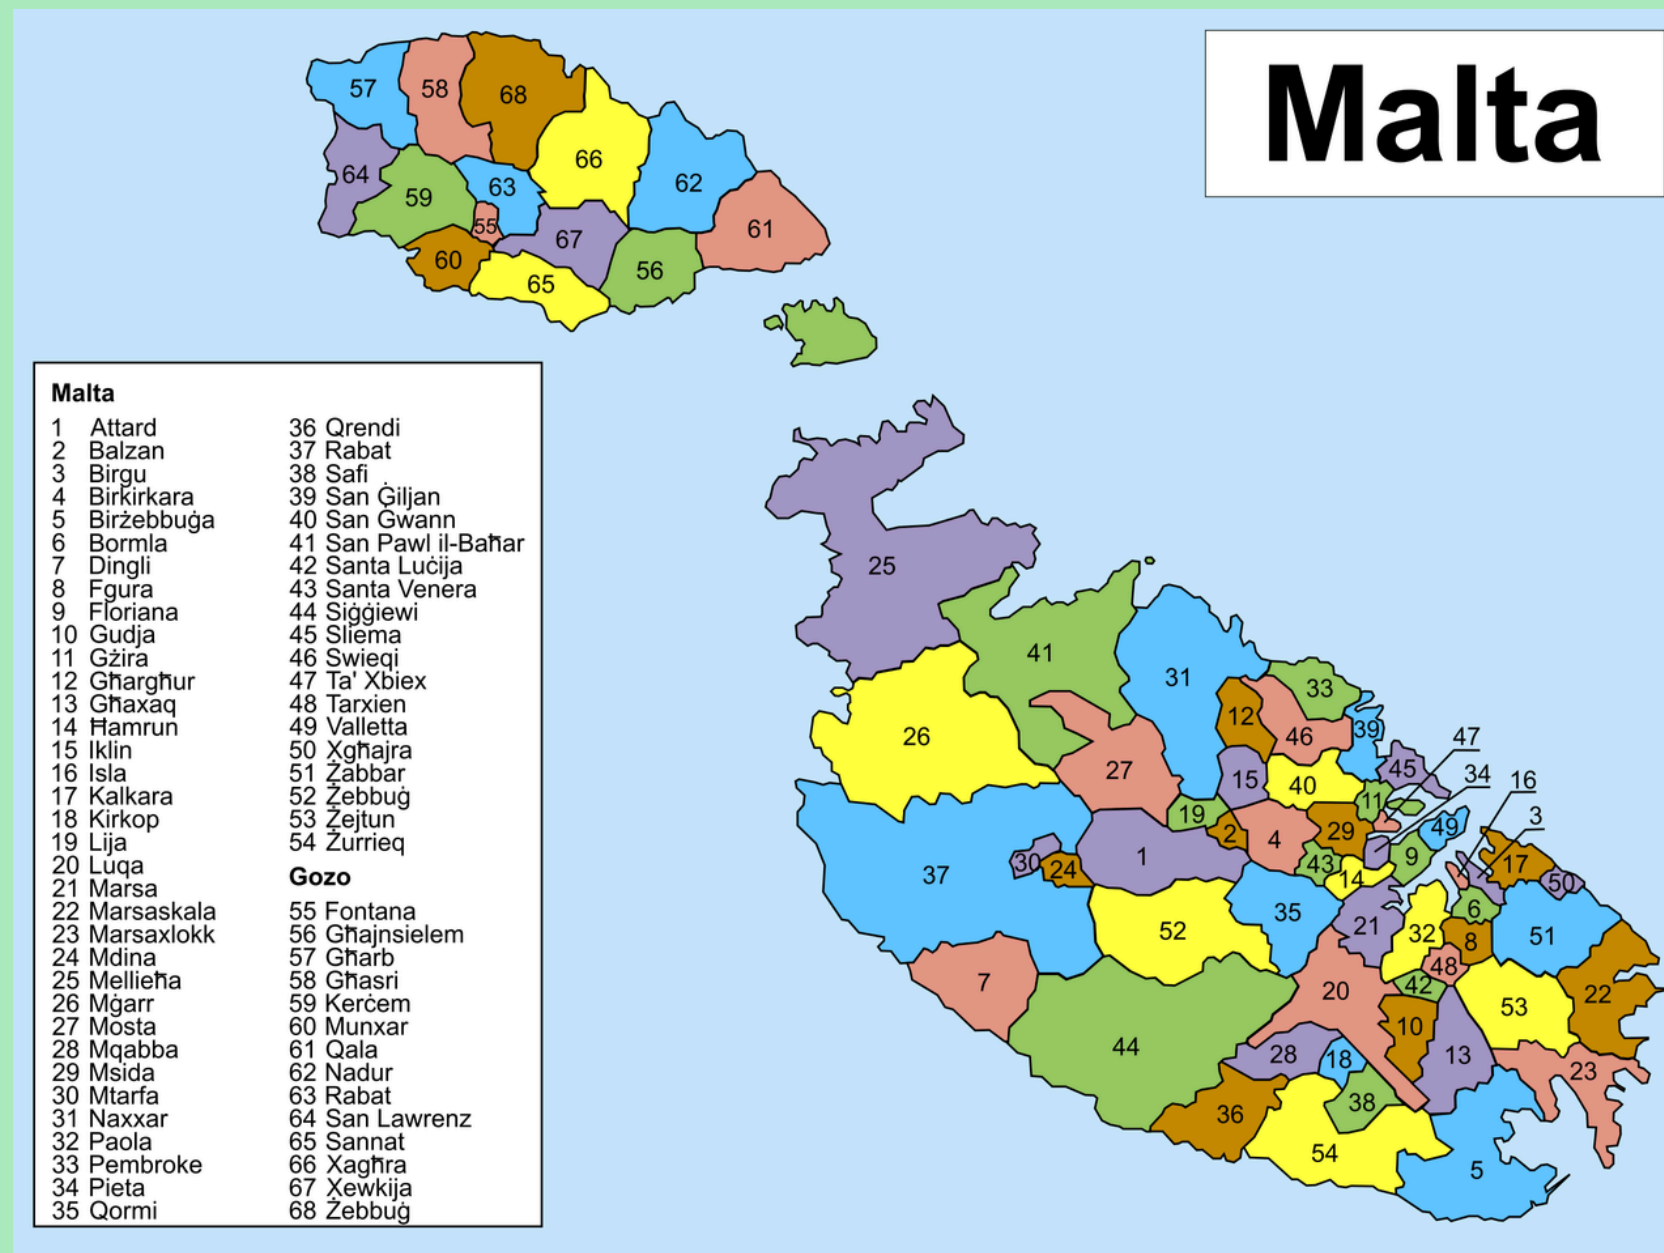

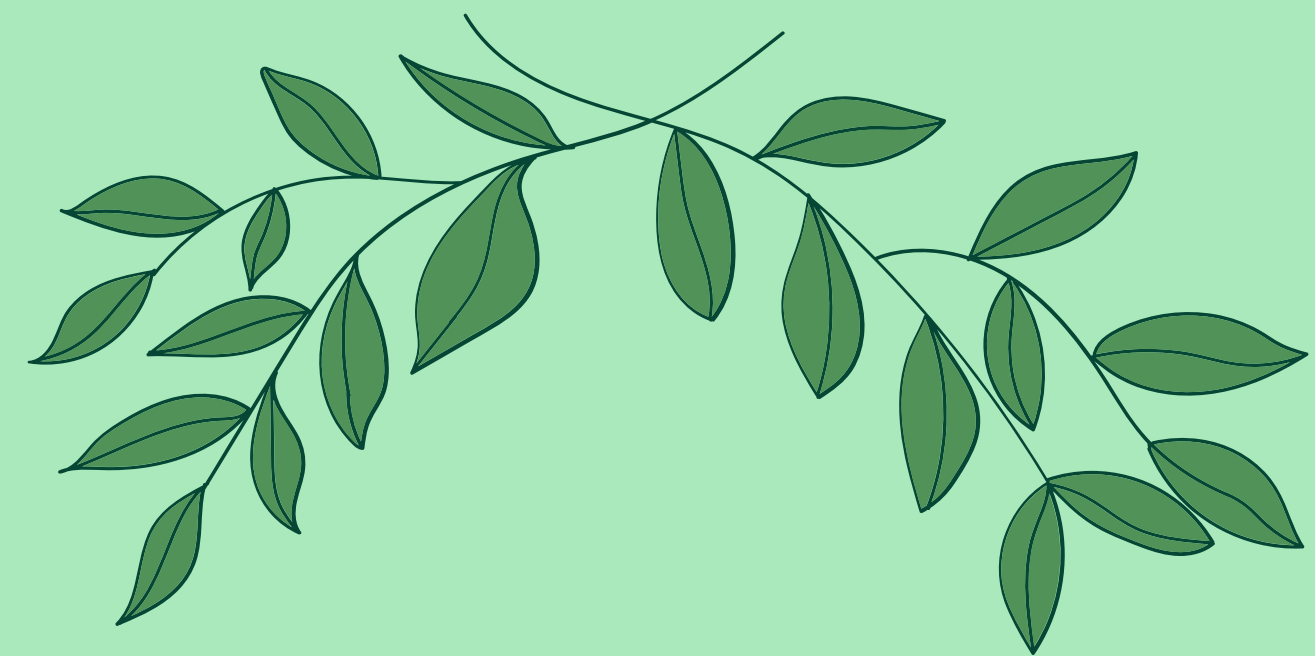

Malta is a parliamentary republic, where the president serves as the head of state and the prime minister is the head of government.

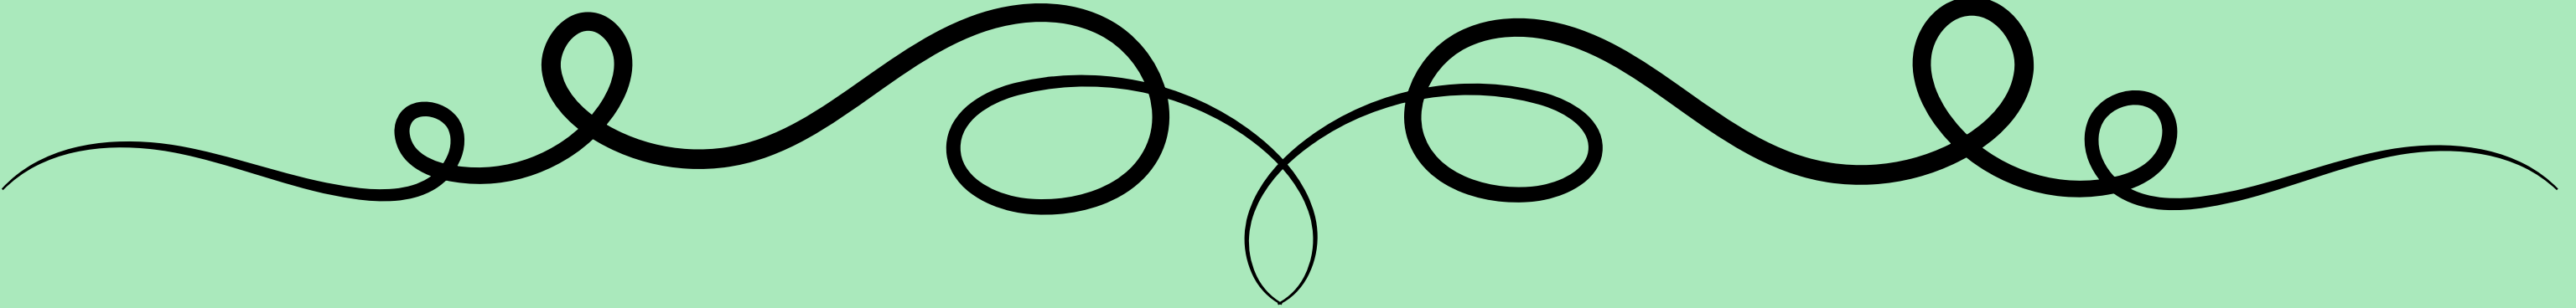

Malta is divided into three main administrative units: the Island of Malta, the Island of Gozo, and the small island of Comino, which are further divided into 68 municipalities.

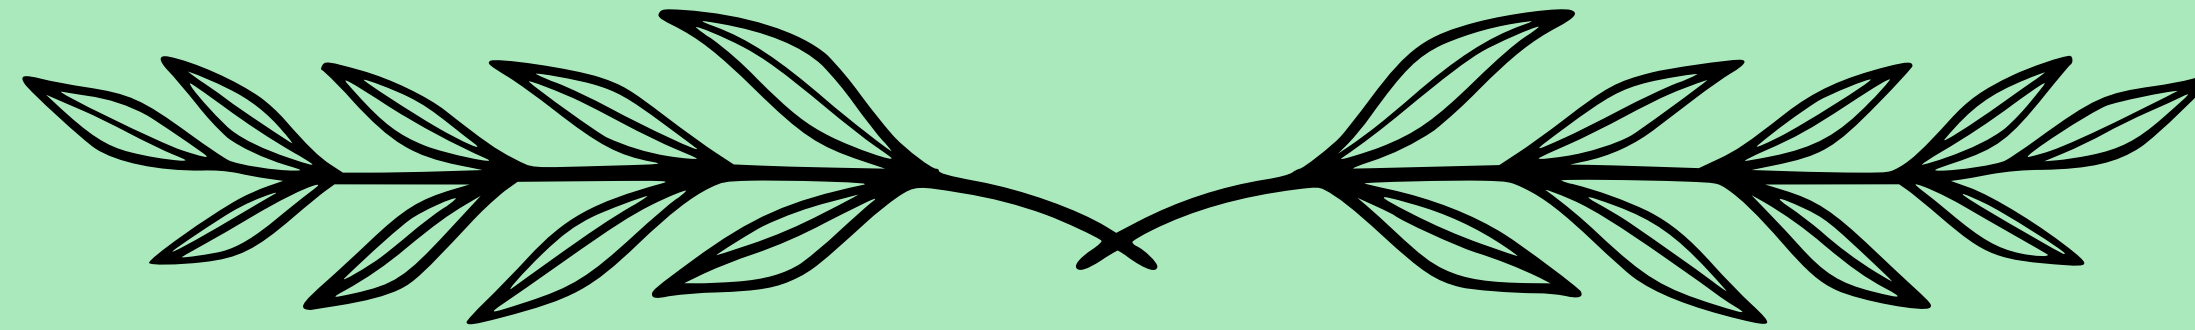

Malta is a country with strong Catholic traditions, where over 90% of the population identifies as Catholic, but there are also smaller communities of other religious denominations.

The economy of Malta is primarily based on the services sector, including tourism, finance, and technology, which contributes to the stable economic growth of the island.

You can get to Malta by plane, ferry, or cruise ship

Public transportation in Malta includes buses, which are the main means of transport, allowing for convenient travel around the island.

The beaches in Malta are enchanting with their crystal-clear water and picturesque views, offering the perfect place for relaxation and sunbathing.

Malta captivates with the beauty of its natural attractions, including picturesque cliffs, crystal-clear waters, and charming bays that are perfect for diving and exploring underwater treasures.
